RE: Waiver of September 30, 2016 Deadline to submit Form 500 to extend Last Allowable Date for Delivery and Installation of Non-Recurring Services for Form 471 1008909.

Ukiah Unified School District is requesting a waiver of the E-Rate Form 500 Filing Deadline of September 30, 2016 for application number 1008909 due to the loss of Form 500 (2015 Extension), dated September 2, 2016, in mail by United States Postal Services. When no confirmation of the Form 500 was received, it was discovered that the Form 500 (2015 Extension) had not been received by USAC.

USAC E-Rate Form 471 Application #1008909 approved Category 2 funding to upgrade Local Area Networks across the District's 10 schools to increase wireless network capacity and alleviate congestion caused by outdated Local Area Network infrastructure.

The District's service provider, in attempting to reduce the impact of replacing fiber cabling on the educational process, determined that the completion of the upgrade of the Local Area Network could be completed prior to September 30, 2016 and notified the District in last August. The District requested that the attached Form 500 (2015 Extension) be submitted. As there had been no problem with mailing submissions of USAC forms, the Form 500 (2015 Extension) was mailed using standard US Mail.

Due to lost mail, which was beyond the District's control, Ukiah Unified School District request a waiver of the filing deadline and allow the Form 500 (2015 Extension) to be accepted and allow the upgrade of the Local Area Network approved in Form 471#1008909 to be completed.

Sincerely,

Rich Tunheim
